Ms. Coltrain,

I apologize for the delay in getting back with you. I have dug back through the court clerks deeds and found things that will help show at one time Lorraine Oil owned it as well as others. Will get it typed up and sent to you.

Thank you,

(b) (6)

Good Morning (b) (6), I believe you will need to look back in the past targeting years 1920 to 1965. If it is available to you then a copy would be of interest to us. However, if this is an undue burden please let me know. Any pictures of your property will also be of interest to us as well.

At this time we continue to gather information about the Wilcox facility and plan to hold a community meeting in May to update everyone on our activities.

Thank you for your interest.

Mrs. Coltrain,

Will it show on my deed that they were previous owner or will I need to go back many years? Not sure how to do that. Yes if I can find something that shows they were previous owners I will gladly share with you. I have worried about parts of my land that just will not grow anything, doesn't really erode like other parts do. Have been around oil field and know that the ground will die if there has been oil spill or placed on it. Would like to share some pictures if that would be of interest to you. Don't know if that will make a difference in anything or not. Will look and see if I can show anything on my deed. Thank you for your interest.

(b) (6), my name is Katrina Higgins-Coltrain and I am the new Environmental Protection Agency project manager for the Wilcox Oil Company Superfund Site. I have been working with Todd Downham of the Oklahoma Department of Environmental Quality over the last month to get a better understanding of the site as well as the concerns of the community.

We are trying to learn as much as we can about the Ohio Oil Company which owned and operated a facility located on or near your property. I have heard that there are property deeds of some residences living on or near the old Ohio Oil Company property that indicates Wilcox was a previous owner. I would like to know if you are willing to review your property deed to see if Wilcox is listed as a previous owner. Also, if Wilcox is listed as a previous owner, would you be willing to provide/share with us a copy of the deed?

Please either respond to this email, or call me at 21-665-8143 or 1-800-533-3508. Thank you for your time and I look forward to talking with you. I will also leave a voicemail for you on your cell phone.

Mrs. Coltrain,

Pictures show that there is nothing that grows on this portion of the land. There are also spots throughout smaller than this portion that appears the same. I am attaching pictures. I have also attached to where I have traced land back to the Lorraine Oil Co. in 1925. If there is anything further I can do please let me know. I would love to get this cleaned up to make it viable land again. I have chunks of this black stuff in other places on the land. Some we have dug up while tilling garden area. I also believe the land across the tracks is my property also and there are cement pylons and other things on that area. I really appreciate your help.

Thank you,

(b) (6)

(b) (6)

Property at (b) (6). Bristow, Ok 74010.

Lorraine Ref. Co. to Interocean Oil Co.

LW Woodford- to Lorraine Petro. Co. Deed 11-28-25

Lorraine Prd Co- Lorraine Petro. Co. Quick Claim Deed

Transcontinental Oil to Mid Kansas Oil Deed 8-14-30

Marathon Oil to Mid Kansas Warranty Deed 6-30-34

(b) (6) - Marathon Oil Co. 9-11-33

Falcon Oil Properties to Williams Pipeline Co. 12-15-97

As you can see this property has been owned by several Oil co.

I am also sending pictures of pieces of my property that I believe is damage from oil well drainage or leakage. I would appreciate it if this could be looked into.

Thank you,

(b) (6)
